

## IN THE FIGHT TO WIN.

## DEMOCRATIC WORKINGMEN WHO WILL VOTE FOR PROTECTION.

## BRIGHT PROSPECTS FOR REPUBLICAN SUCCESS.

## IN THE NINTH AND TENTH CONGRESS DISTRICTS—ROUSING MEETINGS HELD—BE SURE TO REGISTER.

Most encouraging reports were received at the headquarters of both Mr. Quigg and Mr. Sigrist yesterday from nearly every part of the two Congress districts, showing that the people are getting ready to give the atrocious Wilson Tariff bill a staggering blow on the special election day, January 30. Lists bearing the names of Democratic workingmen who will vote for the Republican candidate for Congress in the district are every day brought to William Leary, at the Republican Club, No. 450 Fifth-ave., who is in charge of Mr. Quigg's canvass, and to A. H. Steele, at No. 47 East Ninety-third-st., who is conducting Mr. Sigrist's, carried by the willing hands of fellow workingmen. These men declare that they have voted the Democratic ticket for the last time, and that they are in this campaign against the Wilson bill to win.

A feeling of confidence pervades the Republican ranks in both districts. Friends of Colonel William L. Brown, the Free Trade candidate in the XIVth District, admit that his chances of election are on the wane. Tammany Hall is making a show of fight, but the heart of the organization is not in the cause of either Mr. Brown or Mr. Straus. The leaders are well aware that the defeat of these men will be charged to the Wilson bill and not to Tammany. Police Justice Welde, Tammany leader of the XXVIIIth Assembly District, had a meeting of his election district captains at the district headquarters, in Harlem, last night, and instructed them to look after unregistered voters to-morrow and next day, but the unwelcome "tip" was given that there was no election fund this time, except what was put up by the candidate himself.

The work of the enemy to bring out a full registration should serve to warn Republicans and Anti-Free-Trade Democrats that they must be on the alert to-morrow and on Saturday to bring every unregistered voter who lives within these two districts to the polling-place of his election district. The boundaries of the Congress districts are as follows: The XIVth District extends from Fifty-second-st., on the West Side, between Seventh-ave. and the North River, and on the East Side from Fifty-ninth-st. to Seventy-ninth-st., and from Central Park to the East River. The XVth District takes in all that part of Manhattan Island east of Central Park and Seventh-ave. above Seventy-ninth-st., extending north to the Harlem and east to the East River.

The boundaries of all the election districts whose citizens will vote for members of Congress on January 30 will be found on another page of The Tribune to-day, together with a list of all the polling places.

See to it that every Republican, every anti-Free Trade Democrat, every workman, employed or unemployed, in your election district is on the registry list. If your name is not on the books of the polling place in your election district before they close on Saturday evening you cannot vote. Go to the polling booth to-morrow and ask that your name be there. The election boards will be in attendance from 8 a. m. to 9 p. m. on both to-morrow and Saturday.

**EMPTY STOMACHS WILL INFLUENCE VOTES.**

A Republican victory in a great Democratic district will be the result of the election for Congressmen in the XIVth Congress District if the enthusiasm shown at the meetings now being held in that district can be taken as a criterion. It is the enthusiasm and honest determination of a large army of unemployed laboring men which gives Republicans hope of sending Mr. Quigg to Congress from the XIVth District. Last night in Columbus Hall, in West Sixtieth-st., there was held a large meeting of Republican and Democratic workingmen. Every man present said that the Wilson bill was the Democratic work of wreck and ruin should go no further, and that the votes of every honest laboring man in the district would be recorded against the free trade tariff. The election of Mr. Quigg would mean the ruin of the whole country. Your votes will be more potent than petitions. Your votes will talk in the tone of master. They will say to the men at Washington, "Stop meddling with our bread and butter."

**AT MR. SIGRIST'S HEADQUARTERS.**

At Mr. Sigrist's headquarters in the clubhouse of the Yorkville Republican Club, Lexington-ave. and Ninety-third-st., last night, there was every confidence expressed in a Republican victory in the XVth Congress District on January 30. A large number of Republicans and Democrats called at the clubhouse during the evening and gave most encouraging reports of the active laboring men who are taking the initiative in voting for the Republican ticket. One man said to a Tribune reporter: "This free coal and bread style of campaigning adopted by Mr. Straus does not go down with the laboring men in the XVth Congress District. The first question that comes into my mind is, 'Why are we in need of begging for these things when a year ago we had full and plenty?' Does Mr. Straus think that he can buy our birthright to earn a living for a half-ton of coal and a few loaves of bread?"

**OTHER REPUBLICAN MEETINGS.**

There was an enthusiastic meeting of laboring men held last night under the auspices of the German-American Republican Organization of the XXVIIIth Assembly District, at No. 2,609 Third-ave. William Gansberg presided and J. J. Bremel was secretary. Frederick Sigrist, the Republican candidate for the XVth Congress District, made an address and predicted a rousing victory for the Republican ticket if the Republicans would poll their full party vote. The number of laboring men who had assembled to hear Mr. Quigg, the Republican candidate for Congress in the XIVth Congress District, was estimated at 1,000. Mr. Quigg gave some attention to Colonel Brown's tea, sugar and coffee campaign, and is confident that the voters are not willing to sell their right

## STILL FREEING THEIR MINDS

## THE ANTI-MACHINE REPUBLICANS HAVE A GOOD MANY THINGS TO SAY.

## THE REORGANIZATION PLANNED BY THE COMMITTEE OF THIRTY.

## THE COMMITTEE OF THIRTY.

To the Editor of The Tribune:

Sir: May we ask a few lines of your space to cover our protest against the highland proceedings which characterized the alleged meeting and action of the County Committee, at the Grand Opera House, on Saturday night? On a proper reorganization of the Republican party in this city and county depends its success in the coming election, and no one realizes this fact more than those who compose the Republican element of Tammany Hall. Which party, however, covers the so-called leaders of our party. We thoroughly realize that Tammany Hall is a commercial body, with the interests of no one and of no party at heart, and it is, therefore, natural that something should be done by the so-called Republicans to help in their own salvation, and the only way to accomplish this is to make such arrangements as will enable them to continue in power as the Republican representatives. How well they succeed must be judged by the success of their arrangements as carried out with the Committee of Thirty. So far they have the best of it, but there is no possible doubt that the action then taken does not meet with the approval of the voter who does not name the name of Tammany in his ballot. They will rally to the support of the Anti-Machine Republicans all the better element of the party in this city and county. The only salvation of the Republican party in this city, for if the Republican reorganization is left to the old crowd, and the Republican party organized by them is successful, they will have no change from Tammany rule except in that it will bear the stamp of Republicanism in name, and have to be farther by the Republican party. Down with the old machine says the reorganized party.

## GOV. MITCHELL AND THE FIGHTERS.

## CONFIDENT ASSURANCES THAT CORBETT AND MITCHELL WILL COME TOGETHER.

JACKSONVILLE, Fla., Jan. 17.—Major Leavelle, of Leesburg, under whose command the 1st Battalion, State troops, will be on January 5, was in the city this morning ascertaining about quarters, the feeling of the people, etc. To-night he had a long conference with the sheriff and Major Turner, of the 2d Battalion, the senior officer of the State troops. The two officers today were offered to see that the Corbett-Mitchell contest will come off on the day and time appointed if the principals appear in the ring. The club, in a statement to-night, reiterates the assertion that the big fight will take place.

The following statement from Corbett has been given out:

Maple, Fla., Jan. 17.—I take this opportunity of informing my friends throughout the country that I have received advice from the District Attorney, Mr. C. J. Smith, which warrant me in saying that the contest between Charles Mitchell and myself will positively take place at Jacksonville, on January 18, provided both of the principals appear in the ring.

**JAMES J. CORBETT.**

It is believed that the fight will be fought in the woods. Everything now depends on the ability of the promoters of the fight to keep the place selected a secret from the authorities, for if it becomes known, Governor Mitchell will undoubtedly have the fight moved to the State House grounds, where he has purchased a huge circus tent capable of holding 600 people, and will bring the men to fight under the canvas.

It was thought that the fight might occur in St. John's County, where St. Augustine is located, but Sheriff Broward of this (Duval) county to prevent it.

## TAILORS HAVE A BIG MEETING.

## A VIGOROUS FIGHT AGAINST THE CLOTHING CLAUSE IN THE WILSON BILL.

Three thousand tailors, assembled in Cooper Union, last night gave utterance to a vigorous protest against the passage of the Wilson bill. They are employers and employees representing the Merchant Tailors' National Exchange of the United States.
